MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 10 to Contract No. HF-CT-691 with Baird-Atomic, Inc., Cambridge 33, Mass., Project CHALICE and the Air Force

1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 5.
2. Contract No. HF-CT-691 is a Fixed-Price-Open-Call type contract providing for the furnishing of kits of parts for modification of existing equipment, replenishment of spares, test equipment, etc., as may be ordered by the Project or FOG Depots. Amendment no. 10 has been drawn to increase Customer No. 2 (FOG) funding for the period through 30 June 1960.
3. Additional "No Year" Air Force funds in the amount of \$10,200.00 chargeable during FY 1960 should be obligated to cover additional Air Force requirements during the period 1 July 1959 - 30 June 1960. This results in a total amount of \$50,000.00 obligated for the Air Force for the above period. By concurrence to this memorandum the Comptroller signifies that funds have been obligated as noted above.
4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, (formerly 10(b) - see 85-507 dtd 7/7/58), for each contract.
5. Concurrence in Amendment No. 10 to Contract No. HF-CT-691 is recommended.
